Dear Graham,

Re: Westfield St Lukes – Plan Change

I enjoyed meeting with you, Elaine and Peter earlier this week.

The meeting was really helpful to me in gaining a better understanding of the potential impact on the residents of Aroha Avenue and surrounding areas of the proposed Plan Change.

It is clearly up to Westfield to convince the community that the changes they propose will work for the people who live nearby. So far it is obvious that they have not done this.

Until this happens I consider it my job to continue to represent your concerns and that is what I will do.

Yours sincerely
